

SOLDIERS NEWS

June / July 2010

Welcome to the latest edition of Soldiers News. As is clearly evident the construction of the Centrelink Innovation Centre has commenced. The expected completion date is December 2011 and we apologise for any inconvenience during this time. Steps have been taken to ensure that any disruption is kept to a minimum. Please note that whilst it may appear that Club car park has been decreased, we can assure Members that there is plenty of undercover parking available. I am sure that the minor inconvenience will be worth the trouble considering the long term benefits to the community.

We also have some major news coming over the next few months in relation to Club promotions. Unfortunately we are not permitted to pass on the details at this stage, but rest assured it will change the way Club promotions and Member benefits are conducted.

We also have plenty of entertainment coming in the future. We have two "Morning Melodies" events over the next couple of months featuring Col Millington and After Ourz. John Paul Young will be joining us in September and Sam Bailey will speak at a dinner on the 21st of August which I am sure everyone will find inspirational. Further details are enclosed in the middle pages.

The Club is still working hard on our Business Trading Lightly program with a significant reduction in energy and water usage plus a large reduction in waste as we incorporate recycling programs and other sustainable practices.
